

CAREER OBJECTIVE

Motivated Computer Science student with hands-on experience in Generative AI, Java, and Web Development. Skilled in building AI-based applications such as chatbots and image generators. Seeking an opportunity to apply my skills, gain real-world experience, and grow as a software developer.

EDUCATION

B.Tech, Computer Science & Engineering 2023 - 2027
Kanpur Institute of Technology

TRAININGS / CERTIFICATIONS

Internship And Job Prepration

Mar 2026 - Apr 2026

Internshala Trainings, Virtual

Successfully completed a 4-week Internship & Job Preparation training focused on job hunting strategies, resume building, interview techniques, and professional skill development.

Generative AI

Feb 2026 - Mar 2026

Internshala Trainings, Virtual

Successfully completed a 6 weeks online certified training on Generative AI. The training consisted of Python Fundamentals and Introduction to AI Development, Web Technologies and AI Integration: Custom Recipe Generator, Introduction to Dall-E and AI Image Generation, and Developing an AI-Powered Telegram Chat Bot modules. In the final assessment, I scored 82% marks.

PROJECTS

DALL-E Image Generator Web App

Mar 2026 - Apr 2026

Developed an AI-powered image generator using text prompts Integrated APIs to generate images dynamically Explored creative applications of Generative AI Enhanced understanding of AI tools and web integration

AI Tools Comparison Project

Apr 2026

Compared outputs from multiple AI tools Analyzed performance, accuracy, and creativity Documented results and created presentation Gained insights into real-world AI tool usage

AI-Based Custom Recipe Generator

Feb 2026 - Mar 2026

- Built a web application that generates recipes using Generative AI
- Converted user input into customized AI-generated output
- Integrated frontend (HTML, CSS) with backend logic
- Demonstrated real-world AI application

AI Chatbot Application

Jan 2026 - Feb 2026

Developed a real-time chatbot using Python and Flask Integrated AI APIs to generate dynamic responses Designed user-friendly interaction flow Improved understanding of backend logic and API integration

SKILLS

- Java
 - CSS
 - REST API
 - Problem Solving
- Python
 - JavaScript
 - Git
 - Object Oriented Programming (OOP)
- HTML
 - Generative AI Development
 - GitHub
 - LLM evaluation

EXTRA CURRICULAR ACTIVITIES

- Actively practicing coding and improving technical skills Participated in technical learning activities and self-project development

ADDITIONAL DETAILS

- Completed certifications in Generative AI (Internshala, NSDC) and IBM SkillsBuild (LLMs, Prompt Engineering, AI Agents). Built AI projects like chatbot and image generator. Attended HCL GUVI seminar. Quick learner with strong interest in AI.
